

Santa's Friends Employment

About

Because of a new government at the north pole and laws of equal employment opportunity, thousands of elves are now unemployed but are well taken care of due to assistance from Santa and his new government, except for their self-esteem.

Being unemployed has really taken a toll on these individuals. Santa's Elves are very well known for being hard-working, talented, and well-valued. We are helping Santa's friends find employment with contractors around the world.

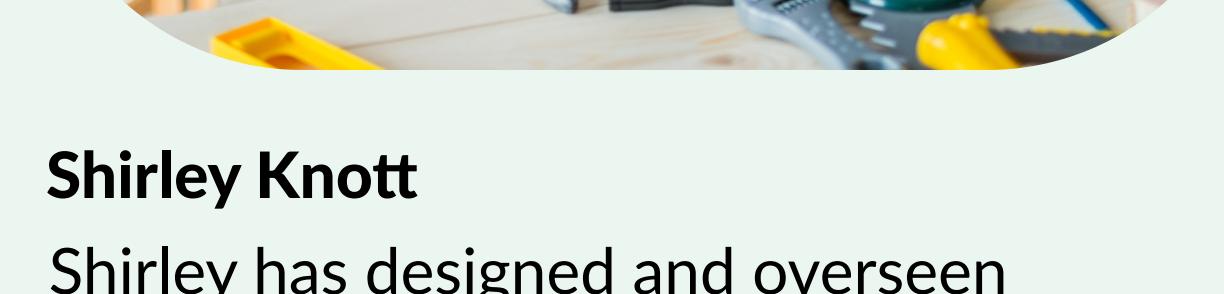

Featured Elf Candidates

Happy Monday

Happy has many years of Flooring, carpentry, and demolition skills. He has redone Santa's floors, remodeled, and built many play structures.

Shirley Knott

Shirley has designed and overseen many buildings and structures. She has very good time management and people skills.

Jumping Bean

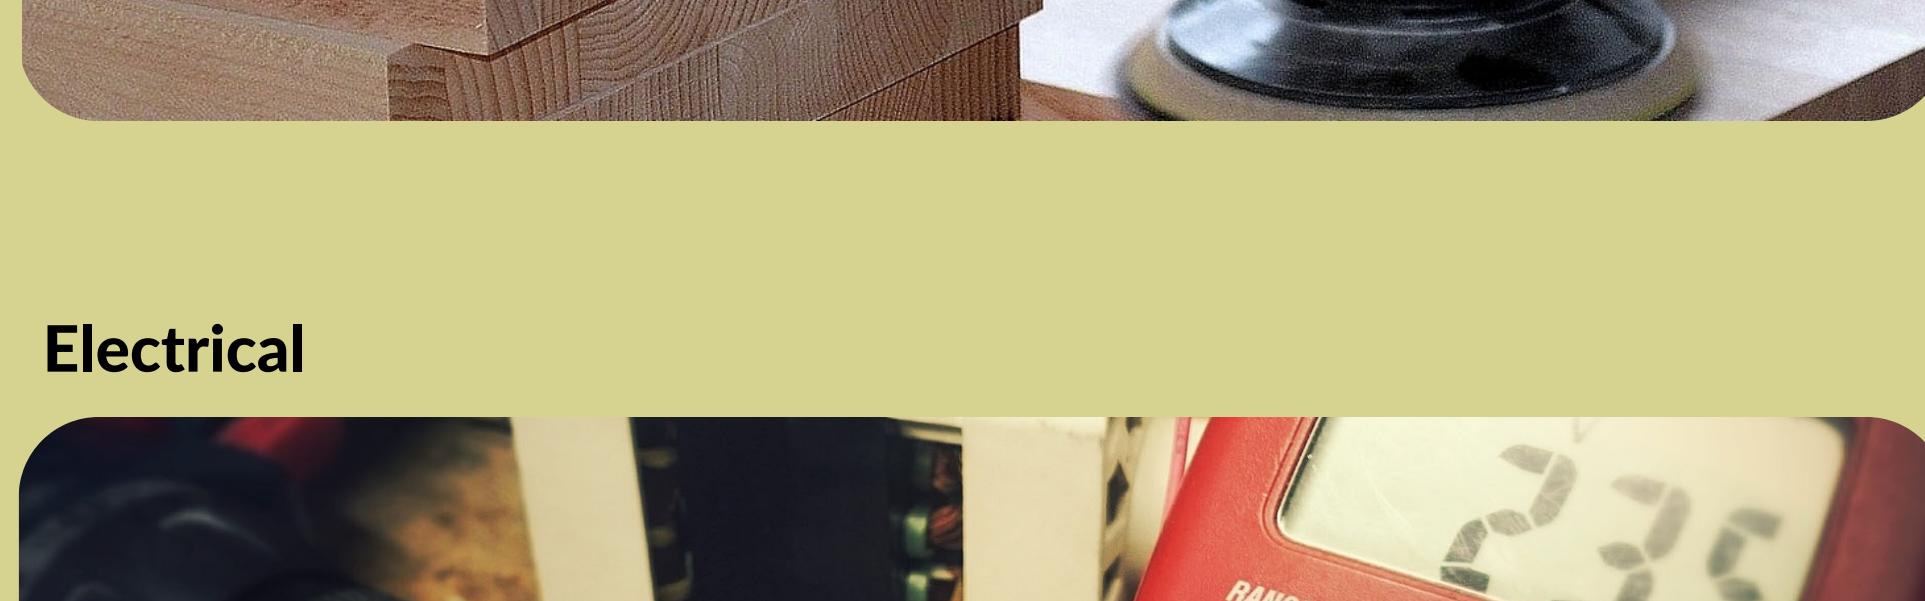

Jumping has written many computer programs and implemented wiring for many devices and buildings.

How Will They Relocate?

We will take care of the placement. We have thousands of families that are ready to sponsor or host a family across the country. There are many more calling us daily to sponsor or host. We have airlines that are providing travel arrangements and other companies that are providing shipping of belongings.

Hire Santa's Friends Today!

We can set up an internet interview today! All of Santa's friends are eagerly waiting for their new adventures!
